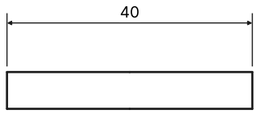
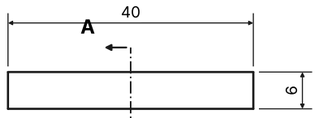
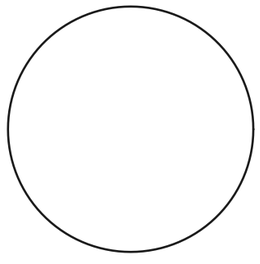
Scale 1:1. First angle: the view from the right is drawn to the left of the front, the view from above under it. A-A: the section on sheet 2.



FROM THE RIGHT





FROM ABOVE

General arrangement

EARFcoin: Acrylic song-request tokens, a set of eight in a box

mm | issue 2026-10-20 | first angle

Tolerances: sheet parts ±0.5, pockets ±0.2, holes +0.2/0, prints ±0.15

Scale 1:1. Section A-A (sheet 1): the product cut at x 0.0 and seen from the right; cut faces hatched, a different angle for each part.

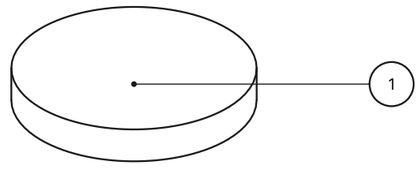
Section A-A

EARFcoin: Acrylic song-request tokens, a set of eight in a box

mm | issue 2026-10-20 | first angle

Tolerances: sheet parts ±0.5, pockets ±0.2, holes +0.2/0, prints ±0.15

Scale 1:1, parts drawn apart. Balloons are the parts list's numbers (last sheet).



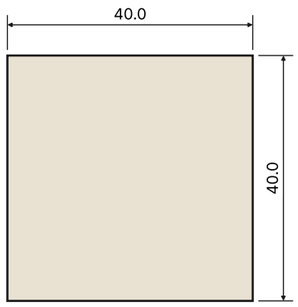
Exploded view

EARFcoin: Acrylic song-request tokens, a set of eight in a box

mm | issue 2026-10-20 | first angle

Tolerances: sheet parts ±0.5, pockets ±0.2, holes +0.2/0, prints ±0.15

Scale 1:1. Panels cut to their outline only (DXF files in dxf/); sizes as seen from the outer face.



coin

6 mm cast-acrylic, 8 for the set

Sheet parts: plain panels

EARFcoin: Acrylic song-request tokens, a set of eight in a box

mm | issue 2026-10-20 | first angle

Tolerances: sheet parts ±0.5, pockets ±0.2, holes +0.2/0, prints ±0.15

For 1; prices are budgets (bom.md says where each comes from).

no.	item	make	qty	what	size	each USD
1	coin	cut	8	6 mm Cast acrylic, tinted through in the speaker's colour, 4 × 8 ft sheet	40 × 40	0.23
2	laser	buy	8	a laser shop (a CO2 laser, 100 W or more) Laser work on one coin at about 1,000: cut from 6 mm cast sheet (125 mm of cut, about 12 s), the globe engraved into the back face, mirrored (about 20 s), and the words into the front (about 10 s), each		1.10
3	edge	buy	8	a CNC shop The edge on one coin at about 1,000: both arrises rounded 1.5 with a roundover cutter and 100 reeds milled across it, in a vacuum fixture of 24 (about 40 s a coin)		1.00
4	fill	buy	8	the laser shop Paint-filling one coin's engravings through the laser's masking: the back's globe flooded black (Smoke's white), the front's words white, scraped flush and dried before the masking is peeled (a lacquer or acrylic enamel for		0.35
5	polish	buy	8	the CNC shop, or a tumbling finisher Polishing one coin's edge: vapour polishing after the CNC, the faces still masked (tumbling would strip the masking, a flame can craze it); the faces are the sheet's own cast faces		0.30
6	box	buy	1	The set's box: a slide-lid box of 3 mm Smoke cast acrylic, 190 × 40 × 52 outside, with a felt-lined insert of eight 41 mm slots, so the coins stand on edge in spectrum order		9.00

Notes

1. A song request at Planet EARF: each guest picks one coin from the bowl at the door and hands it over at the decks with a request; it drops into the request column and the queue plays from the bottom up. GOOD FOR ONE SONG.
2. All numbers are proposals until the owner signs them: 40 × 6, edges 1.5, the globe 25 across, the words in a band 15 to 17 from the centre, about 9 g.
3. The laser files (laser/, written by coin.py): the cut, the back's globe MIRRORED, the front's words, and a 600 × 400 nest of 104 coins; also B's print file and C's inlay, the two faces not chosen.
